Ms. Fitz-Gerald presented the Building State Capabilities Contract with President and Fellows of Harvard College, on Behalf of the Harvard Kennedy School. She stated that the contract would be with Harvard, and it is distinct and different than the growth lab contract. The primary role is building capacities through training and learning. In the course of performing the audit and reviewing the internal controls there we two items they felt needed to be recorded. BUSINESS COUNCIL

# SBIR Quarterly Report Q4-FY24

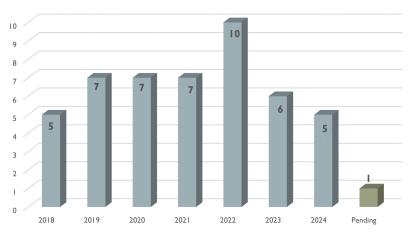

### **Executive Summary**

The Small Business Innovation Research (SBIR) program is a U.S. government program, coordinated by the Small Business Administration (SBA), intended to help certain small businesses conduct research and development (R&D). The aim is to spur technological innovation and to encourage the commercialization of the technology, product, or service, which, in turn, can stimulate the U.S. economy.

The Wyoming SBIR Matching grant has supported these innovation-driven companies since 2018 with the goal of further spurring economic development and diversification within state borders through matching federal grants with state funds. From 2018 through 2023, our program leveraged just over \$20.7M in federal investment creating 173 high-paying jobs in Wyoming, with a median wage of \$51/hr. As the companies that we support through this program continue to mature, their potential for creating additional high-paying jobs also grows.

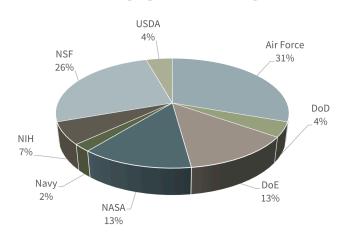

### **SBIR Grant Lifetime Performance**

Looking at historical trends in the State SBIR Matching Grant program we see that there has been sustained program utilization and an overall increase in use over time, although relatively slow growth. While we approved one fewer application in 2023 than we did on average for the previous several years of the program, we have already approved 5 for the calendar year 2024, anticipating at least one more for the fiscal year and several more forthe calendar year.

### SBIR Matching Grants: Funded Applications by Calendar Year

With respect to our SBIR matching grants at the federal level, we observe that a significant percentage of our Wyoming grants are in collaboration with the Air Force (AFWERX), NSF, and NASA. Given the participation of Aerospace and Defence companies and the Air Force's new Space Force division, we anticipate this strong partnership with Wyoming companies to continue.

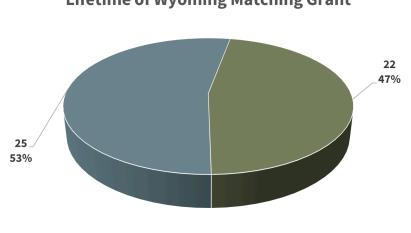

### SBIR Matching Grants: Federal Granting Agency Over Program Life

A total of 47 matching grants have been awarded since the program's inception. Of those grants, 25 have been awarded to Phase I projects and the other 22 have been issued to match Phase II projects. While the majority of grants have been awarded to Phase I projects, the largest amount of funds distributed have gone to those fewer occurring Phase II projects as a result of our awards maxing out at \$200K with Phase I awards max out at \$100K.

SBIR Matching Award Amounts By Phase: Lifetime of Matching Grant

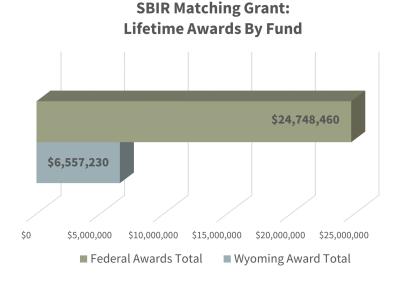

Although the vast majority of SBIR applications have traditionally comprised Phase I projects, we have observed a shift in trend towards a more even distribution of Phase I to Phase II applications. – this is likely a dynamic of early-stage companies moving through the SBIR pipeline from Phase I to Phase II. Since the program's inception, 53% of awarded applications have been Phase I grants.

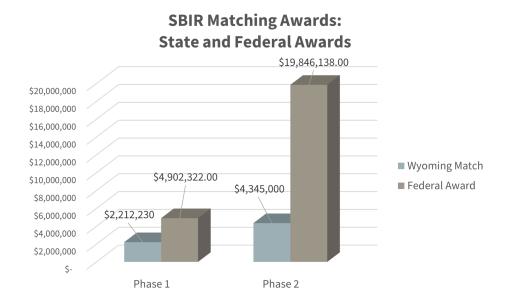

SBIR Award Count: Lifetime of Wyoming Matching Grant

Phase 1 Phase 2

Thanks to the matching framework of the SBIR program, we can effectively harness federal funds. By reviewing the program's history, we can analyze the cumulative impact of our state's funds in tandem with federal allocations to gauge the economic benefit brought to our state. To this point, our matching program has awarded just shy of \$6.55M in non-dilutive financing. In contrast, federal contributions have surpassed \$24.7M in non-dilutive grants. This results in a leverage ratio of 0.26 to 1 for our state, meaning for every 26 cents contributed by Wyoming, it's matched with a federal dollar.

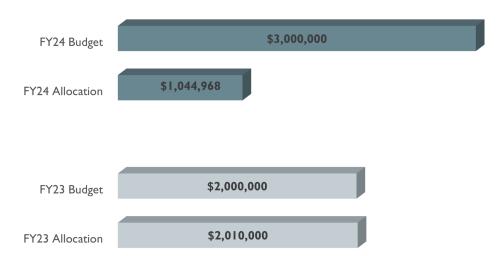

When examining the allocations by Phase, it becomes evident that our leverage ratio escalates from Phase I to Phase II suggesting that our initial investments in Phase I companies hold promising potential for more favorable outcomes in the long run.

### Fiscal Year 2023 and 2024

As we look to close out fiscal year 2024, we have awarded matching grants totaling \$1,044,968 — this will be spent against our FY24 budget of \$3M. While we have seen a slight downturn in grants being awarded for this fiscal year, we are seeing an overall growth in program utilization since the program's inception. In the upcoming biennium we plan to explore options for expanding the SBIR program to encourage additional commercialization efforts as well as a best-in-class program offering specifically aimed at being used to help our business retention, expansion, and recruitment efforts.

If defects are not addressed, Council may immediately terminate this Lease or withhold rent.

### C. Destruction of Premises.

- (i) Partial or Substantial Destruction. In the event of partial destruction of the Premises, Council shall be entitled to a proportionate reduction of rent while repairs are being made by Lessor. The amount of the proportionate reduction shall be based on the extent to which the destruction and repairs interfere with the business carried on by Council. If the Premises are damaged by fire or other casualty which, in the opinion of Council, makes the Premises substantially unusable, the obligation to make payment under this Lease shall cease until the Premises are substantially usable by Council. Lessor is responsible for performance of all needed repairs unless otherwise agreed to in writing by Council.
  - a) **Repair.** Council and Lessor shall, as soon as reasonably practicable, prepare and sign a written itemized list of damages and required repairs, known as the "Substantial/Partial Destruction and Repair List." The list shall contain the following:

- b) Failure to Repair. If the repairs, as specified in the Substantial/Partial Destruction and Repair List, are not completed within the time therein specified, or as otherwise mutually agreed upon by Council and Lessor, this Lease may be terminated or rent withheld by Council.
- (ii) Total Destruction. In the event of destruction of the Premises to such an extent that Council, in the opinion of Council, can no longer use the Premises, Council or Lessor shall be entitled to immediately terminate this Lease, and Council shall be entitled to withhold rent. In the event of termination, all pre-paid rents shall be promptly returned to Council.

#### D. Insurance.

- (i) Lessor: During the term of this Lease and for any further time that Lessor shall hold the Premises, Lessor shall obtain and maintain, at its expense, insurance on all buildings, improvements, and equipment on the Premises, including all alterations, additions, and improvements, with all standard extended coverage that may be required by any first mortgagee, including insurance against loss or damage by fire. In addition, Lessor shall provide Commercial General Liability Insurance in the minimum amounts listed below.

Lessor shall provide coverage, during the entire term of the Lease, against claims arising out of bodily injury, death, damage to or destruction of the property of others, including loss of use thereof, and including products and completed operations in an amount not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate.
- (ii) **Council:** During the term of this Lease and for any further time that the Council shall hold the Premises, Council shall provide coverage through its commercial insurance program for personal property kept at the Premises. The Council shall be self-insured for liability through the State Self Insurance Program (SSIP), subject to the procedural and substantive limitations of the Wyoming Governmental Claims Act and all other applicable law.

### E. Maintenance and Repair.

(i) Lessor, at its expense, shall be responsible at all times for maintaining and keeping in good repair, and replacing if necessary, all structural components of the property, building, and grounds thereof, including the roof, exterior walls, and floors of the Premises. Except as otherwise provided in this Lease, Lessor shall not be responsible for any damage caused by Council, the occupant agency, or its employees, agents, servants, invitees, contractors or subcontractors.

- (ii) Council shall not be responsible for maintenance or repair of the Premises, but shall in good faith endeavor to utilize the Premises in a responsible, prudent manner which does not give rise to abnormal or unusual repair costs for Lessor.
- **F. Easements, Contracts, or Encumbrances.** The parties shall be bound by all existing easements, contracts, and encumbrances of record relating to the Premises.

Ms. Zempel:

I regret to inform you that Charter must decline the awards titled "Fremont County 2" and "Fremont County 3" submitted and granted as part of the Connect Wyoming grants and administered through the WBC. These projects require an easement from the Wind River Indian Reservation the Bureau of Indian Affairs has told Charter it may take up to a year to obtain. This lengthy process jeopardizes our ability complete the projects by December 31, 2026, as outlined in the guidelines.

We also have reservation easement issues with Fremont County 1 project that will not allow us to access 71 addresses locations in our submitted application. We request WBC to consider our revised project with these addresses removed. We do not believe that the location revisions will affect the score and we would still contribute 70 percent of the total build cost. I have attached a list of the affected address, a revised project map, and revised construction costs including a revised state subsidy request.

Again, we regret that we cannot accept the Fremont County 2 and 3 projects. Please feel free to contact me with any questions you may have.

Sincerely,

Mike Mores

# STRATEGY COMMITTEE REPORT

College of Business Center for Business and Economic Analysis

# Scope of Work for CBEA-Council Partnership Fiscal Year 2025

**Purpose**. The purpose of this Scope of Work is to outline the collaborative relationship between the Wyoming Business Council (Council) and the University of Wyoming's Center for Business and Economic Analysis (CBEA) to address key economic challenges and drive evidence-based policy, leadership, and funding decisions. The aim is to leverage the expertise of the CBEA to provide continuous and ongoing support in pursuit of the Council's mission to lead economic growth to build resilient communities and create opportunities for people to thrive.

# **Responsibilities of the CBEA**. The CBEA agrees to:

- Identify Binding Constraints: CBEA will conduct comprehensive quantitative and qualitative analyses to identify key factors impeding economic growth within the state. This includes but is not limited to labor market dynamics, industry trends, regulatory barriers, and infrastructure shortcomings.
- Provide Economic and Statistical Analysis: CBEA will deliver high-quality economic and statistical analyses to support evidence-based policy formulation. This will involve examining trends, forecasting economic indicators, evaluating policy impacts, and assessing the efficacy of proposed interventions.
- Support Solution Development: CBEA will actively engage with WBC, outside agencies and third-party contractors, to translate analytical insights into actionable policy, leadership, and funding recommendations. This may involve providing scenario analyses, cost-benefit assessments, and policy briefs to guide decision-making processes.
- Maintain Proactive Workstream Integration: CBEA will continue to actively participate in any existing and/or newly established workstreams.

# Potential Deliverables.

- Annual Growth Perspective
- Policy Briefs
- Specialized Studies
- Quarterly economic forecasts for Wyoming using Moody's Analytics
- Ad-hoc estimates and analyses to support rapid hypothesis testing

# **Collaboration Mechanisms.**

10.7 Force Majeure. Neither Party shall be responsible for any failure to perform or delay in performing any of its obligations under this Agreement where and to the extent that such failure or delay results from causes outside the reasonable control of the Party. Such causes shall include, without limitation, war (whether declared or not), armed conflict or the serious threat of the same (including but not limited to hostile attack, blockade, military embargo), hostilities, invasion, act of a foreign enemy, extensive military mobilization; civil war, riot, rebellion, revolution, military or usurped power, insurrection, civil commotion or disorder, mob violence, act of civil disobedience; act of terrorism, sabotage or piracy; plague, epidemic, pandemic, outbreaks of infectious disease or any other public health crisis, including quarantine or other employee restrictions; act of authority whether lawful or unlawful, compliance with any law or governmental order, rule, regulation or direction, curfew restriction, expropriation, compulsory acquisition, seizure of works, requisition, nationalization; act of God or natural disaster such as but not limited to violent storm, cyclone, typhoon, hurricane, tornado, blizzard, earthquake, volcanic activity, landslide, tidal wave, tsunami, flood, damage or destruction by lightning, drought; explosion, fire, destruction of machines, equipment, factories and of any kind of installation, prolonged break-down of transport, telecommunication, electric current, Internet service provider or hosing facility failures or delays involving hardware, software or power systems, denial of service attacks; incompatibility of Customers' equipment or software with the Service; acts or omissions of vendors or suppliers; general labor disturbance such as but not limited to boycott, strike and lock-out, go-slow, occupation of factories and premises; shortage or inability to obtain critical material or supplies, and the like. Notwithstanding the foregoing, each Party acknowledges and agrees that the foregoing does not operate so as to excuse it from prompt payment of any and all sums due by it to the other in accordance with terms and conditions of this Agreement.

10.8 <u>Notices</u>. All notices which any Party is required or may desire to give any other Party under this Agreement shall be given by addressing the communications to the address set forth on the Order Form, and may be given by the U.S. Postal Service mail, facsimile or electronic mail to a designated mailbox set forth on the Order Form. Such notices shall be deemed given on the date of receipt or refusal of delivery of such notice. 10.9 <u>Waiver & Cumulative Remedies</u>. No failure or delay by either Party in exercising any right under this Agreement shall constitute a waiver of that right. Except as expressly stated herein, the remedies provided herein are cumulative, and are in addition to, and not exclusive of, any other remedies of a Party at law or in equity.

10.10 <u>Severability</u>. If any provision of this Agreement, whether in the form of a word, phrase, sentence, paragraph, clause or combination of the same, is found by a court or tribunal of competent jurisdiction to be invalid, illegal, unenforceable or void for any reason whatsoever in any jurisdiction ("Invalid Provision"), then the Parties shall substitute, by mutual consent, one or more valid provisions ("Substituted Provisions") for the Invalid Provision. The Substituted Provisions shall best reflect the original intent of the Parties and in their economic effect shall be sufficiently similar to the Invalid Provision such that it can be reasonably assumed that the Parties would have entered into this Agreement with the Substituted Provisions. In case Substituted Provisions cannot be agreed upon, the declaration or rendering of the Invalid Provision of this Agreement being invalid, illegal, unenforceable or void shall not affect the validity of this Agreement as a whole, unless the Invalid Provision is of such essential importance, either alone or in combination with other provisions, to this Agreement that it is to be reasonably assumed that the Parties would not have entered into this Agreement without the Invalid Provision.

10.11 <u>No Assignment</u>. Customer agrees that this Agreement shall not be assigned or transferred and that any attempt on its part to assign or transfer this Agreement or any of its rights or obligations under this Agreement shall be null and void. Customer further agrees that University may freely assign this Agreement and/or payments due under this Agreement without further permission or approval.

10.12 <u>Equitable Relief</u>. In the event Customer or any of its Authorized Users breach or threaten to breach any provision of this Agreement, University shall have the right, in addition to any other remedies available to it, to seek injunctive or other equitable relief to enjoin such acts, without posting of bond or showing of actual damages, it being specifically acknowledged by the Parties that any other available remedies are inadequate.

10.13 Non-Compete. Customer acknowledges that University will provide Customer with confidential and proprietary information ("Confidential Information") owned by University. Confidential Information means any and all information not generally known to the public, whether or not patentable or susceptible to any other form of legal protection, that is identified or designated by University as being confidential or which, in light of the circumstances under which it was disclosed, whether oral or written, is reasonably apparent to Customer to be considered confidential or proprietary by University, including but not limited to invention disclosures, non-public information, including but not limited to concepts, designs, processes, specifications, schematics, equipment, processing, techniques, technical information, drawings, diagrams, software (including source code), hardware, control systems, research, test results, manuals, trade secrets, commercialization studies, market studies, business plans received by Customer from University except to the extent Customer can prove by written documentation that such information:

a) was in the public domain at the time of disclosure;

b) later became part of the public domain through no act or omission or breach of this Agreement by Customer, its employees, agents, successors or assigns;

c) was lawfully disclosed to Customer by a third party having the right to make such disclosure;

d) was already known by Customer at the time of disclosure;

e) was independently developed by Customer without the aid, use or application of Confidential Information received from University and such independent development can be properly demonstrated by Customer; or

f) is required by law or regulation to be disclosed.

10.14 Customer recognizes that such Confidential Information could thereafter easily be used by Customer or others to compete with University to University's detriment. Customer therefore agrees that it will hold all information given by University to Customer in strict confidence and will not disclose any such information to any other person or entity. Customer also therefore agrees that, during the term of this Agreement and for a period of three (3) years following the termination or expiration of this Agreement for any reason, Customer will not own, operate, become employed by, or assist in the ownership or operation of a SourceLink® network (except during the term of this Agreement pursuant to the terms hereof), any business or enterprise similar to the Service, or any business or enterprise utilizing the confidential and proprietary information given to Customer by University. Customer expressly agrees that University may enforce the provisions of this Section 0 by injunctive relief and specific performance.

10.14 <u>Website</u>. When SiteConnex® forms part of the Services as set forth on the Order Form, Customer will be provided a template website where the logo and color scheme may be customized. The website may also include starter content from University that the Customer can change. University will assist Customer with the initial setup and installation of the website template; however Customer will be solely responsible for the ongoing maintenance and upkeep of existing and any new online content following the launch of the website (including, but not limited to, blog posts, events in the calendar system, rotator images/text, and all content pages). Additional features beyond the scope of the template website may cause Customer to incur additional fees. Customer agrees to adhere to a reasonable privacy policy on Customer's website, which is no less protective of user data than the privacy policy included on the SourceLink® website.

10.15 <u>API Use & Access</u>. When API forms part of the Services as set forth on the Order Form, University's sole obligation shall be to provide Customer with an API account for access. Customer will be responsible for selecting and entering into a separate agreement with a third party vendor for any API development to which the University is not a party. From time to time, University may update the API Service. Such Updates will be communicated to the Customer. Customer will be responsible for communicating any Updates to any third party vendor.

10.16 <u>Entire Agreement / No Oral Modification</u>. This Agreement, including all addenda hereto and the Order Form, constitutes the entire agreement between the Parties, and supersedes all prior and contemporaneous agreements, proposals or representations, written or oral, concerning its subject matter. No modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by the Party against whom the modification, amendment or waiver is to be asserted. To the extent of any conflict or inconsistency between the provisions in the body of this Agreement and any addendum hereto or any Order Form, the terms of this Agreement shall prevail.

10.17 <u>Certification</u>: If this Agreement has a total potential value of \$100,000 or more, and if Customer is a company with ten (10) or more employees, then Customer certifies that it, and any company affiliated with it, does not boycott Israel and will not boycott Israel during the term of this Agreement. #### WYOMING BUSINESS COUNCIL QUARTER 3 FISCAL YEAR 2024 FINANCIAL REPORT

#### **BUDGET REPORT**

#### **General Funds**

- March 31, 2024, budget utilization came in at 51.92% compared to the 75% optimum budget utilization.
- WBC and Economic Diversification budgets (budgets that revert) are at 57.99% utilization.
- Budgets much higher than the optimum are Services, Asia Pacific Trade Office, and Strategy. This is because of encumbrances made for the full fiscal year.

#### **Federal Funds**

- Total expenditures on our federal programs through March 31st were just over \$3 million, with most of those expenditures coming from the BEAD Planning award.
- The State Small Business Credit Initiative had available cash of \$10.37 million and had invested \$9.02 million in direct investments as of March 31st. The \$348 thousand in receipts is interest earned on the cash held with the State Treasurer's Office (STO).

#### **Agency Funds**

- As of March 31st, the Economic Loan Development fund had an available budget of \$25.55 million. Of this, \$25 million is for large loan projects. Total available cash as of March 31st is \$42.24 million, however \$28.17 million is reserved for large loan projects, leaving \$14.08 million available for Challenge loans. The fund has received \$2.41 million in loan principal and interest payments, and investment income from the State Treasurer's Office (STO) on the cash held in the fund.
- As of March 31st, the Rural Rehabilitation fund had an available budget of \$266 thousand, and \$4.84 million in available cash. The fund has earned \$111 thousand in investment income.
- As of March 31st, the Wyoming Business Council fund had an available budget of \$71 thousand, and \$218 thousand in available cash. It earned \$12 thousand in investment income.

#### American Rescue Plan Act (ARPA) Funds

- Our FY 2024 ARPA funds budget is \$74.30 million, of which the Capital Projects Funds for broadband is \$73.08 million.
- Through March 31, \$1.42 million has been spent for the Capital Projects Fund, and \$63.84 million has been encumbered for broadband projects.

#### **BUDGETED EXPENDITURES**

• For the quarter ending March 31, 2024, our grants budget makes up 56% and our loans budget makes up 31% of our total budget, which is consistent with the previous quarter budget makeup.

#### LINE-ITEM EXPENDITURE SUMMARY

- The loan line-item is around 15% utilization, because of the \$25 million loan budget for large loans. If not for the large loan budget allocation, utilization would be around 50% for loans.
- The professional services line item is over 80% utilization. Again, this is because of encumbrances that have been made for executed contracts that go through the end of the fiscal year.

#### LOANS RECEIVABLE

- The net loans receivable balance as of March 31, 2024, is \$21.40 million.
- Total principal and interest payments on loans received through March 31, 2024, is \$3.36 million. This doubles the receipts on loans we had through December.
- Three BRC loans paid off in the month of March for a total of \$1.25 million in receipts.

#### **Proposal:**

Big Horn Federal Savings Bank, located in Greybull, WY has requested the Wyoming Business Council (WBC) to participate under the "Succession Financing" provision of the Wyoming Partnership Challenge Loan program to provide a loan to Jozlynn Schwarz for the purchase of Basin Processing in Basin, WY. The existing owners, Ray and Susan Lemay are retiring. The proposed loans would be used to acquire all business assets associated with the company including real property and improvements, along with furniture, fixtures, equipment, and inventory. The bank and WBC have acquired a list of all assets and valuation of said assets, in addition to a real estate evaluation. WBC's participation will total one hundred eighty-one thousand two hundred fifty dollars (\$181,250) or 50% of the final total loan.

#### **Project:**

Basin Processing, in Basin, Wy and has been in operation for over 30 years. The WBC has been working with Ken Wright, Executive Vice President of Big Horn Federal in Greybull, WY, to help structure this deal. The existing owners are Ray and Susan

Lemay. The borrower, Ms. Jozlynn Schwarz is a current employee of the business and has been working with the owners to structure a purchase of the processing facility. Additionally, she has previous experience with a processor in Colorado and brings a firm understanding of the financial aspects of the business and is motivated to increase its productivity. Basin Processing is one of three shops licensed to handle domestic processing in Big Horn County. No other processing facilities exist in surrounding Washakie County and Hot Springs County.

The lead bank is lending according to their loan policy and the WBC is covering the gap in the financing picture created by the blue sky with the proposed loan. The borrower is not submitting a down payment and instead, holding onto that capital for cash flow needs during the transition period.

#### **Cash Flow:**

Based on the historical financials obtained from the lead bank, Basin Processing's past sales will be appropriate to service the proposed debt with a DSCR of 1.53. This blended rate will save the company debt service on the monthly payments to Big Horn Federal in the amount of (approx.) \$187; totaling \$22,418 over life of the loan.

It is important to note that the current owners of the processing facility have scaled back production as they approached retirement so, the historical numbers used in the calculations are conservative compared to what the facility will do under Ms. Schwarz's ownership. Ms. Schwarz is planning to increase domestic processing along with adding wild game processing. With the conservative projections of cash flow and increase in processing, the anticipated revenues increase to provide a DSCR of 1.88.

#### **Bank Risk Rating:**

The loan is presented as a pass credit with Big Horn Federal.

### The net available balance in the Economic Development Fund is \$14,077,507.

#### **Recommendation:**

Staff recommends that the Board of Directors of the Wyoming Business Council approve the loan participation in the amount of \$181,200.00 (one hundred eighty-one thousand two hundred fifty dollars and 00/100 cents) as presented in this Credit Memorandum. This participation will be with Big Horn Federal Savings Bank in Greybull, WY as the lead bank. The loan recipient will be Jozlynn Schwarz, dba Basin Processing.

#### § 9-12-304. Criteria for loans.

Any business may apply to the council for financing as defined in W.S. 9-12-301(a) (xii). #### **Proposal:**

Jonah Bank of Wyoming, located in Cheyenne, WY has requested the Wyoming Business Council (WBC) to participate under the "Succession Financing" provision of the Wyoming Partnership Challenge Loan program to provide a term loan to Cheyenne Tile & Stone. The existing owner is retiring and selling to Eleodoro "Lolo" Garcia. Mr. Garcia is an experienced installer who has previously been employed by another local flooring company. The proposed loan would be used to acquire all business assets associated with the company. The bank and WBC have acquired a list of all assets and approximate valuation of said assets. WBC's participation will be four hundred twentyseven thousand five hundred dollars (\$427,500.00) or 50% of the final total loan.

#### **Project:**

Cheyenne Tile & Stone has been in operation for over 40 years and operating under the current owner, Mike Pyle, since April 2002. The flooring and installation business has a strong reputation in the Cheyenne area in both residential and commercial flooring products and installation services. The WBC has been working with Quintin Pope, Commercial Lender for Jonah Bank of Wyoming, to help structure this deal. Mr. Pyle is looking to retire after running the business for over 20 years and has been working with

Mr. Garcia for the last two years to structure a deal for him to purchase and take over operations of the business. Mr. Garcia is a very experienced installer and has established many professional relationships with local clients. The help of the current office manager staying on staff to assist with everyday operations, along with seven installers that will be retained will serve a great benefit to Mr. Gracia in this transition. The lead bank is lending according to their loan policy, the borrower is submitting a down payment, and the WBC is covering the gap created by the 'blue sky' in the business purchase.

#### **Cash Flow:**

Based on the historical financials obtained from the lead bank, Cheyenne T&S exhibits the ability to service the proposed debt with a DSCR of 1.17. The blended rate will save the company debt service on the monthly payments to Jonah Bank of Wyoming in the amount of (approx.) \$760.74; totaling \$48,494 over life of the loan.

#### **Bank Risk Rating:**

The loan is presented as a pass credit with Jonah bank of Wyoming, based on historical cash flow, guarantor support, and staff support.

### The net available balance in the Economic Development Fund is \$14,077,507.

#### **Recommendation:**

Staff recommends that the Board of Directors of the Wyoming Business Council approve the loan participation in the amount of \$427,500.00 (four hundred twenty-seven thousand five hundred dollars and 00/100 cents) as presented in this Credit Memorandum. This participation will be with Jonah Bank of Wyoming in Cheyenne, WY as the lead bank. The loan recipient will be Cheyenne Tile and Stone.

<b>Purpose:</b>	<b>Business Succession Loan for Full Ownership of Existing</b>
—	<b>Residential &amp; Commercial Insulation Company</b>

#### **Proposal:**

Jonah Bank of Wyoming, located in Cheyenne, WY has requested the Wyoming Business Council (WBC) to participate under the "Succession Financing" provision of the Wyoming Partnership Challenge Loan program to provide a term loan to Moore Insulation Co., Inc. Current Vice President, Karl Redlich, and his wife, Catherine, are looking to take over full ownership, including stock interest, in the company. The proposed loan would be used to acquire all remaining interests in the company. The bank and WBC have acquired a list of all assets and valuation of said assets, WBC's participation will be five hundred thousand dollars (\$500,000) or 29% of the final total loan.

	Request			
Total Loan	\$1,750,000			
WBC Portion	\$500,000 (29%)			
Amount Refinanced	\$0			
Collateral	Vehicles, Equipment, A/R \$1,958,146 (89% LTV)			
Loan Fee	\$5,000 (1%)			
WBC Interest Rate	5.0%			
Adjustment Time	Fixed			
Blended Interest Rate	6.43%			
Loan Term	8 Years 2 months interest only, fully amortized 96 months			
<b>Payment Frequency</b>	Monthly			
Guarantor	Karl & Catherine Redlich			

#### **Project:**

Leo and Kristin Moore opened Moore Insulation in 1978. They service Cheyenne and the surrounding areas providing quality insulation products in homes and buildings. The borrower, Karl Redlich, has been working with the insulation company since 1998 and has been operating the business as Vice President since 2015. The WBC has been working with Aaron Courtney, Branch President of Jonah Bank of Wyoming, to help structure this deal. Although Karl is running the company and has been making payments to Mr. Moore to eventually own the business, Mr. Redlich does not have a controlling interest in the company until the purchase is complete. To truly own the company Mr. Moore has turned to Jonah Bank to finance the total purchase of the business and 100% of the equity shares for full control of the company. The lead bank is lending according to their loan policy, the borrower is submitting a down payment, and the WBC is covering the gap in the financing picture created by the blue sky with this proposed loan.

#### **Cash Flow:**

Based on the historical financials obtained from the lead bank, Moore Insulation exhibits the ability to service the proposed debt with a DSCR of 1.08. If the borrowers personal cash flow is considered with the company's, the DSCR improves to 1.52. With WBC participation, the blended rate will save the company debt service on the monthly payments to Jonah Bank in the amount of (approx.) \$487, totaling \$48,409 over life of the loan.

#### **Bank Risk Rating:**

The loan is presented as a pass credit with Jonah Bank of Wyoming, based on historical cash flow, guarantor support, management/industry experience, and WBC participation.

### The net available balance in the Economic Development Fund is \$14,077,507.

#### **Recommendation:**

Staff recommends that the Board of Directors of the Wyoming Business Council approve the loan participation in the amount of \$500,000.00 (five hundred thousand dollars and 00/100 cents) as presented in this Credit Memorandum. This participation will be with Jonah Bank of Wyoming as the lead bank. The loan recipient will be Moore Insulation Co., Inc.

Respectfully submitted,

John Wendling Loan Portfolio Manager

To:	Wyoming Business Council Board of Directors		
From:	Investments Team		
Subject:	Brandy Pettet Loan Charge-Off Request		
Date:	May 8, 2024		

The Wyoming Business Council issued an Economic Disaster Loan to Mr. Brandy Pettet (Powell, WY) on November 16, 2017. Mr. Pettet had been growing sugar beets for the Western Sugar Cooperative and received an economic disaster loan in the amount \$25,000.00 due to weather conditions that caused for difficult processing of the 2016 sugar beet crop and resulted in over \$5,000,000 in losses for the area.

The last payment received from Mr. Pettet was March 1, 2021. As of March 31, 2024, Mr. Pettet has three payments past due. Mr. Sherman at Markee Escrow services and WBC staff have made several attempts over the past few years to contact Mr. Pettet.

Staff is working on a collections process to pursue legal measures to collect on past due accounts of more than two years once several other attempts have been made. Although staff is recommending this loan be formally charged off, WBC will continue to make efforts to collect that are legally allowed and approved by our Attorney General's office.

Staff recommends the realization of a principal loss of \$20,438.26 in the economic disaster loan to Mr. Brandy Pettet.

Gateway to the High Uintas

#### **PROJECT OVERVIEW**

The Town of Mountain View is requesting a \$75,000 planning grant for the purposes of developing an Economic Development Plan.

Mountain View is a small, rural community located in the southwest part of the state. The population is approximately 1,200 with the mining industry accounting for the major employers in the area, which include trona, coal plants, power plants, gas plants, etc. Mountain View is located about 7 miles south of Interstate-80 and the community sees visitors driving directly through town to get to Flaming Gorge and the Uinta Mountains.

UINTA COUNTY IS INTRODUCING A 1/2 CENT ECONOMIC DEVELOPMENT TAX

#### NEEDS ASSESSMENT

The last economic and community development plan for the Town was developed in 2006. Additionally, there is new activity occurring in the southwest region of the State, and the community wants to be prepared for it.

The upcoming nuclear power plant in Kemmerer is proposed to bring in approximately 2,000 jobs during the building phase and approximately 200 permanent jobs.

Additionally, Genesis Alkali near Green River has finalized its expansion. There are two additional trona mines (Project West with WE Soda and Pacific Soda). Pacific Soda has between 2,000-4,000 temporary workers and will employ 530 full-time workers at full operation in 2026/2027. Finally, the Exxon Gas Plant near Kemmerer is moving toward carbon capture.

These opportunities will mean an influx of population to Mountain View and a need for increased workforce, housing, services, etc, as the Town is one of the closest communities to many of these new developments.

#### PROPOSED SCOPE OF WORK

The proposed scope of work will address job creation & workplace needs, population statistics, analyzing employment trends, and what kinds of businesses could be supported.

Specifically, the plan will address housing and lodging necessities with analysis of affordability, quality, and availability. The plan will also include a review of the language of current codes and zoning, changes in retail storefronts, an average of increase of traffic during the busy months, polls/surveys, and current economic trends.

#### COMMUNITY IMPLEMENTATION

Mountain View staff has the ability to correctly manage and administer funds. They have successfully promoted several new businesses, including a dental office, a coffee shop, a car wash, a bank, 2 professional buildings, a credit union, a medical clinic and a salon.

Additionally, the community utilized ARPA funds to replace outdated and inoperable fire hydrants. They have also invested county consensus monies and a State Revolving Fund (SRF) loan to build a mechanical sewer plant. Finally, they are currently utilizing Homeland Security Grant monies to remodel their police station.

#### POTENTIAL PARTNERS

The community has received several letters of support from potential partners, including:

- Senator Wendy Davis Schuler
- Representative Jon R. Conrad
- Uinta Co School District Four
- Bridger Valley Electric Association
- City of Evanston
- TerraPower
- Uinta County Commissioners

### NORTHERN ARAPAHO TRIBE WIND RIVER INDIAN RESERVATION DATA CENTER FEASIBILITY STUDY

#### PLANNING GRANT APPLICATION

\$50,000 Grant Request \$17,000 Cash Match **Total Project Costs: \$67,000** 

#### **PROJECT OVERVIEW:**

The Northern Arapaho Tribe is requesting a \$50,000 planning grant for the purposes of developing the Wind River Indian Reservation Data Center Feasibility Study.

Through its enterprise Northern Arapaho Tribal Industries (NATI), Northern Arapaho Tribe will develop a strategic plan for the creation of a large climate-controlled data center of Wind River Indian Reservation to house and traffic the critical applications and data of companies and corporations.

#### NEEDS ASSESSMENT

Wind River Indian Reservation is challenged by high poverty and unemployment, low incomes, and a lack of jobs and resources. According to the most recent U.S. Census American Community Survey 5-year estimates, the three largest towns on the reservation proper of Arapahoe, Ethete and Fort Washakie have per capita incomes of \$14,606, \$14,433, and \$14,938, and unemployment rates of 22.9%, 20.8%, and 16.4% respectively. (In contrast, the average U.S. per capita income for the same time period was over double these amounts at \$31,177, and the average U.S. unemployment rate was only 6.6%.)

Additionally, there is very little private sector activity on the reservation, and traditional employment sectors such as government, mining and agriculture sectors have been declining. Based on these items, there is need for economic diversification in the area.

Northern Arapaho Tribal Industries (NATI) and its Internet company Wind River Internet (WRI) are currently installing fiber optic cable for high-speed Internet for the entire reservation. In addition to this, there is a lack of natural disasters and low humidity levels for this region, making it an ideal location for a data center.

#### **PROPOSED SCOPE OF WORK**

The goal in conducting this feasibility study is to understand what the potential is for a data center and to gauge the marketability, size and scale for this project in the community. The feasibility study report should address the following:

- WRI's real and perceived strengths and weaknesses.
- Analyze adequate connectivity, speeds and bandwidth.
- Identify potential leaders in the tribal data center market.
- Identify potential major partners, including other tribes.
- Analysis of the potential cost to build and manage.
- Determine a potential carbon neutral energy matrix.
- Determine potential funders, including new market tax credits, USDA, and/or EDA.

#### COMMUNITY IMPLEMENTATION

Northern Arapaho Tribal Industries (NATI) will take the lead on the feasibility study. They have also identified other triballyowned data centers who may be able to assist in the process. These include:

- Navajo Nation Innava Data Solutions
- Forest County Potawatomi Data Holdings LLC
- Salt River Pima Pima/Maricopa Indian Community
- Choctaw Nation Choctaw Nation Data Center
- Cow Creek Band of Umpqua Umpqua Technologies LLC

#### **POTENTIAL PARTNERS**

Northern Arapaho Tribal Industries will partner with the Northern Arapaho Economic Development Commission for this project. Potential additional key project partners include the State of Wyoming, the EDA, USDA and First Interstate Bank.

### TOWN OF RANCHESTER ECONOMIC DEVELOPMENT PLAN

#### PLANNING GRANT APPLICATION

\$75,000 Grant Request\$25,000 Cash MatchTotal Project Costs: \$100,000

#### **PROJECT OVERVIEW**

The Town of Ranchester is requesting a \$75,000 planning grant for the purposes of developing an Economic Development Plan for their community.

Ranchester is a small, rural community with 1,064 residents. The town is east of the Big Horn Mountains and about 15 miles north of Sheridan. Ranchester sees many visitors travel through town on their way to Yellowstone National Park, as US Highway 14 runs right through the middle of town.

Ranchester has been a bedroom community for the coal mine industry and the City of Sheridan for many decades.

#### NEEDS ASSESSMENT

Ranchester is experiencing a steady growth rate of about 4% per year and has been receiving inquiries from business owners who are interested in opening businesses in the area. However, the town acknowledges that there are constraints to growth as Ranchester is limited by the railroad that is located to the north of town and the Tongue River to the south. Other challenges faced by the town is competition from larger chain stores in Sheridan, which can make it difficult for local businesses to compete.

An economic development plan would assist the town in proactively assessing its existing business and commercial zoning, as well as newly developed and annexed business-zoned land.

#### PROPOSED SCOPE OF WORK

To determine what businesses and services are needed in Ranchester, it's important to identify stakeholders including local businesses, community members, and other interested parties. This can help identify gaps in the local economy and opportunities for new development.

Once these needs have been identified, the town will assess its existing infrastructure and identify any improvements that are needed to accommodate new businesses and industries. This can include upgrades to water, sewer, and utility systems, as well as improvements to roads, sidewalks, and other infrastructure.

To fund these improvements, the town will also explore a range of funding sources, including state and federal grants, private investment, and publicprivate partnerships.

Other items included in the scope of work are:

- Analysis of current economic activity (including Ramaco-ICAM and the Brook Mine), as well as recommended areas for growth potential.
- Identify key industries and sectors that are poised for growth in the Ranchester area.
- Analysis of the Town's policies, infrastructure, amenities, etc.
- Analysis for future annexation possibilities for new business and/or residential subdivisions.

#### COMMUNITY IMPLEMENTATION

Town staff have experience and expertise to manage projects and implement the plan. They have successfully completed several studies and projects over the years.

These include:

- WWDC Level I Water Study 2024
- Sanitary Sewer Master Plan 2024
- Transportation Master Plan 2023
- Water/Sewer Rate Study 2023
- US Hwy 14 Speed Study 2023
- Community Block Grants Business Center AKA Information Center, Ranchester
- Mercantile Building
- Entryway Rehab Project 2010
- Downtown Development Plan 2009
- Community Survey 2008

THE TOWN IS EXPERIENCING A GROWTH RATE OF

4% PER YEAR

#### POTENTIAL PARTNERS

Ranchester has an opportunity to leverage local economic development by fostering a relationship with Ramaco. With close proximity to both Sheridan and Dayton, there may be opportunities to partner and create synergies that benefits Wyoming and bring more economic potential to the region.

Additionally, with the proposed Brook Mine and opportunities with Ramaco-ICAM, there is potential for economic growth.

The community has also received several letters of support, including from City of Sheridan, Sheridan County Chamber of Commerce, SEEDA, Sheridan Memorial Hospital, etc.

SPECIAL PURPOSE TAX FOR

HOUSING DEVELOPMENT

TOWN OF

WRIGHT

#### PLANNING GRANT APPLICATION

\$100,000 Grant Request \$33,333 Cash Match Total Project Costs: \$133,333

#### **PROJECT OVERVIEW**

The Town of Wright is requesting a \$100,000 planning grant for the purposes of developing an Economic Development Plan for their community.

Wright is located 40 miles south of Gillette on Highway 59, with a population of approximately 1600 people. Wright was originally established as a mining town and still depends heavily on the energy industry. The town anticipates that this planning process will help identify value-added opportunities for current and new industries that will fit in the region.

#### **NEEDS ASSESSMENT**

The last Economic Development and Comprehensive Plan was completed in 2014. Projects that have been completed from this plan include a New Town Hall, new Ag Complex facility, the previous town hall building was transformed into a community center, etc. However, since that time the town acknowledges that significant changes in energy markets, housing and workforce have occurred.

In 2019, the Town completed a Housing Study and began a Community Review process with Wyoming Business Council staff. Unfortunately, the COVID pandemic stalled and eventually ended this process.

#### **PROPOSED SCOPE OF WORK**

The proposed scope of work for this plan includes:

- Local Demographics
- Infrastructure Capacity and a plan for growth and development in and around Wright.
- Economic opportunities that will bring more revenue, increased population, and additional support for the energy sector.
- Constraints make suggestions on future infrastructure planning as the community grows in businesses, housing, and workforce development.
- Land & Development opportunities.
- Implementation Plan

#### **COMMUNITY IMPLEMENTATION**

The community has seen success with past measures, such as the 2014 Economic Development and Comprehensive Plan. Furthermore, the Town had a lot of interest and buyin from the community during the initial phases of the 2019 Community Review process.

"Our mission as a community is to maintain and enhance the quality of life in Wright through creating a sense of community, diversifying the economy to bring in employment opportunities for a broad cross section of people."

#### POTENTIAL PARTNERS

The Town plans to work with community partners and residents to complete their Economic Development Plan. They have received several letters of support for this project, including from Campbell County, Wright Water & Sewer, Campbell County School District, Energy Capital, Powder River Energy Corporation (PRECorp), and Senator Eric Barlow.

WYOMING SENATE DISTRICT 15

February 4, 2024

Wyoming Business Council 214 W. 15<sup>th</sup> Street Cheyenne, WY 82002

Dear Wyoming Business Council Board,

I am excited to offer my support for the Town of Mt. View to receive funds for a Business Ready Grant for the purpose of developing an Economic Development Comprehensive Master Plan. The Mayor and Council are proactive by searching for ways to get in front of the impacts of potential growth in the near future. With the expansion of trona mines, gas plants, and a nuclear facility nearby, Mt. View will need to be ready for that growth and potential economic development.

The town has used a number of tools in the past to help with growth, including a partnership with the WBC. They have made progress in the past with new businesses and job creation, but they will need the help of a consultant and other partners to develop the vision and roadmap that will be needed to accomplish smart economic success with this incoming growth.

Housing will be an issue with the migration of workers, as well as amenities that are presently not available. Infrastructure, retail stores, workforce, and other issues will need to be dealt with and having a master plan will capture the advantages of living in this wonderful community while providing lasting jobs and long-term housing. Mt. View is my hometown, and I am excited to see what positive outcomes are possible with the help of the WBC and a city that is ready to roll! I hope you will give serious consideration to this proposal which will help Southwest Wyoming be the model for economic success.

Wyoming Business Council 214 West 15<sup>th</sup> Street Cheyenne, WY 82002

10 February 2024

Dear Wyoming Business Council,

I want to formally express my unequivocal support for the Town of Mountain View's pursuit of a Business Ready Community Planning Grant Program in the amount of \$75,000 that is critical in the pursuit of an Economic Development Comprehensive Master Plan (EDCMP). The Town's vested interest in this effort is reflected by their \$25,000 budgetary allocation. This EDCMP would provide the Town of Mountain View and surrounding community, a critical tool that would foster specific objectives with definable strategies for economic development viability at a time unlike any other in recent memory.

Specifically, this grant would provide the necessary roadmap to success in an area that surrounded by a multitude of business development's such as the nearby TerraPower's Natrium Nuclear Reactor, known expansions of the four natural soda ash mines, greenfield project for a new or fifth soda ash mine, carbon sequestration projects, etc. that is projected to bring in ~7,500 jobs within the next five years.

As noted within the application, the EDCMP would define, measure, analyze, improve and control for strategies that address housing, supporting businesses, workplace needs including education, employment opportunities, zoning, traffic, tourism, etc. The supporting partnerships noted within the application have built a solid foundation for success and look forward to working collaboratively in the success and execution of the EDCMP.

The Town of Mountain View and respective leadership are dedicated, passionate and strategic thinkers who recognize the endless positive opportunities and ask for your help in achieving this grant award. In closing, please do not hesitate in reaching out to me for further questions and any information that I can provide. Your favorable consideration on behalf of the Town of Mountain View, surrounding communities and citizens is greatly appreciated. Uinta County makes Wyoming great!

Sincerely,

To Whom It May Concern

I am writing to express my wholehearted support for the Town of Mountain View's application for a Business Ready Community (BRC) planning grant. As the superintendent of Uinta County School District Four, I am acutely aware of the economic challenges facing our community, particularly in relation to the expected growth resulting from the expansion of the mining industry in our area.

The potential economic growth in our area brings with it a host of opportunities, but also significant challenges, particularly in terms of housing, rentals, and essential services. As the demand for housing increases with the influx of workers and their families, it is imperative that we have a comprehensive plan in place to ensure that our community remains vibrant, inclusive, and sustainable for all residents, both present and future.

A comprehensive master plan for economic development will provide the framework necessary to address these challenges effectively. By strategically planning for the future, we can ensure that the growth spurred by the expansion of the mining industry benefits all members of our community. This includes not only providing adequate housing and rental options but also ensuring access to essential services such as education, healthcare, hotels and restaurants.

As the leader of our school district, I recognize the importance of collaboration and coordination between the public and private sectors in addressing these complex issues. By working together, we can leverage our collective resources and expertise to create a thriving community that supports economic prosperity while also prioritizing the well-being and quality of life of our residents.

I commend the Town of Mountain View for taking proactive steps to address these challenges and for seeking support through the BRC planning grant. I am confident that with this funding, the town will be well-positioned to develop a robust and effective master plan for economic development that will benefit our entire community for years to come.

Please do not hesitate to reach out if I can provide any further support or assistance in this endeavor. Together, I am confident that we can build a brighter future for the Town of Mountain View and its residents.

Sincerely,

RE: Town Of Mountain View/ BRC Grant Application

Dear Wyoming Business Council:

I enthusiastically offer my support for the Grant application of the Town of Mountain View to enable them to develop Comprehensive Master Plan focused on Economic Development. Planning is essential in offering and outlining direction and goal setting for any community. These plans are often difficult to develop and with tight community budgets, difficult to fund.

Mountain View is a flagship community for Uinta County and indeed all of Southwest Wyoming. This grant would allow them to shine even brighter. The City of Evanston is proud to offer support to our good neighbors to the East and hope that you will give their application every consideration.

Best regards,

To Whom it May Concern,

I am writing this letter of support on behalf of the City of Kemmerer Wyoming in favor of the Town of Mt. View Wyoming.

As most know Wyoming is made up of mostly small municipalities and generally a considerable distance removed from each other. That distance aside, we are morally close in the regard that at times we all need each other's help and support. Being small communities we all occasionally have larger projects that the said community is not able to house, feed and have all the support services needed by an somewhat overwhelming work force.

At times just trying to plan for long term growth and expansion to provide for our citizens is difficult as our on hand funding significantly impacts our staffing capabilities.

This letter will hopefully show that we support and endorse our neighboring communities moving in to the future.

Dear Wyoming Business Council,

**Subject**: Support for the Town of Mountain View's BRC Economic Development Comprehensive Master Plan Application

On behalf of the Bridger Valley Chamber of Commerce, I am writing to express our strong support for the Town of Mountain View's application for a Business Ready Community (BRC) Planning Grant to develop an Economic Development Comprehensive Master Plan.

The foresight to plan and prepare for economic growth is crucial not only for Mountain View but also for the broader Bridger Valley and Uinta County regions. With the anticipation of significant economic shifts driven by developments such as the Terra Power Nuclear Power Plant, the expansion of the Genesis Alkali Mine, and advancements at the Exxon Gas Plant, it is imperative that our community is equipped to navigate and capitalize on these changes.

The proposed master plan represents a proactive step toward addressing key challenges, including workforce housing, low-income housing availability, and the infrastructural demands associated with population growth and increased tourism. Furthermore, it underscores a commitment to sustainable economic development, enhancing quality of life, and ensuring the economic vitality of our region.

The Bridger Valley Chamber of Commerce recognizes the importance of this plan in guiding future growth, fostering economic resilience, and enhancing the well-being of our communities. We believe that the implementation of this master plan will provide a clear direction for economic development, job creation, and housing solutions that will benefit our region for years to come. We appreciate the Wyoming Business Council's consideration of the Town of Mountain View's application and reiterate our full support for this initiative. Together, we can achieve a thriving, dynamic, and prosperous future for Mountain View, Bridger Valley, and Uinta County.

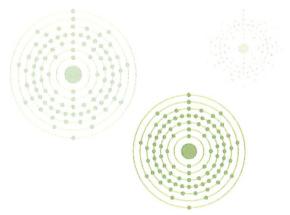

Thank you for your attention to this important matter.

February 20, 2024

Wyoming Business Council,

Uinta County is excited to offer this letter of support in this grant application for Mountain View. We recognize the important ongoing effort of all Wyoming municipalities and counties in economic development. Mountain View specifically has a unique opportunity and challenge in their proximity to several upcoming projects. We believe that their efforts to develop a master plan shows commitment and responsibility to the residents of the Bridger Valley in preparing for the very certain impacts they will soon face. The plan will help them put their best foot forward in preparing for these impacts.

An Economic Development Comprehensive Master Plan would help them confront the challenges and opportunities that they will face with specifically the Terra Power Nuclear Power Plant, the expansion of the Genesis Alkali Mine and the Exxon Gas Plant. Some of the challenges they recognize that the plan will help them more clearly identify solutions to our workforce housing, low-income housing, short-term rentals, as well as longterm housing, restaurants, workforce accommodations such as hotels, gas stations, and the job creation that comes with all of the above.

It is estimated that the new job total for these projects is close to 2000 during the construction phase with 200 permanent new jobs to the area. This shows the need to prepare the community for this influx in people as well as the ability to capitalize on new economic opportunities with subsidiary businesses that may come to the area as well.

This Master Plan would not only benefit Mountain View as a municipality but would also offer help to local business partners such as the Bridger Valley Chamber of Commerce, UCSD#4, Uinta County, Bridger Valley Joint Powers Board, Bridger Valley Electric, Union Wireless, and so many more. These benefactors and others have profound importance to the area and the success of the projects that will soon be in the works.

In conclusion we thank you for the opportunity these grant monies offer us all in Wyoming and thank you for the time and consideration in reviewing the grant application. We are available at any time for any questions you may have for Uinta County concerning this application from Mountain View. Mountain View town council and Mayor have always been a great partner in Uinta County and they have our full support in all their future economic development efforts.

Sincerely,

Chairman Mark Anderson

Dear Members of the Wyoming Business Council:

As the largest voice of local business for more than 100 years, the Sheridan County Chamber of Commerce is a catalyst for business prosperity and a champion for a stronger community. As such, the Chamber is pleased to write this letter of support for the Town of Ranchester's Business Ready Community grant application to complete an economic development plan for the community.

With the prospect of development of the Brook Mine between Ranchester and Sheridan and growth already estimated to be 4% for the foreseeable future, the Town of Ranchester is proactively seeking professional assistance to identify economic development opportunities to benefit the town and Sheridan County. Some of these opportunities include workforce housing to serve the industrial park on the north side of Sheridan and for the expanding school population in the Tongue River Valley. The grant would be used to help identify, attract and retain businesses and services for that area.

Business retention and expansion, as well as diversifying our economy, are high priorities for the state. In Sheridan, we've seen great success in growth and diversification. It is vital that our municipalities plan and prepare for increased growth in their communities and take advantage of the opportunities it brings. Your support of this grant will have a great impact on our community and the businesses within.

March 7, 2024 To Whom It May Concern Wyoming Business Council 214 W 15th St. Cheyenne, WY 82002 Hello fellow Wyomingites,

I am writing to you as a co-owner of This Joyful Home. We are a gift shop and ecommerce business based in the heart of Ranchester, Wyoming. In fact, we are located in a building constructed through a collaborative effort between the town and the Wyoming Business Council. Since our relocation to Ranchester in 2017, we have been privileged to witness and contribute to the local community's growth and vibrancy. The purpose of this letter is to express our strong support for the Town of Ranchester's application for a Business Ready Community grant. We firmly believe that this grant is an important step toward ensuring that Ranchester continues to flourish as a supportive environment for small businesses and enhances its appeal as a charming and favored stop for Yellowstone-bound travelers.

I appreciate the time that the Mayor and the town council has put into planning for growth and development. Realizing this potential requires intentional effort and investment in both time and resources. An attractive and welcoming aesthetic is crucial for drawing in visitors and encouraging them to stop and explore all that our town has to offer. Moreover, a visually appealing town environment contributes significantly to the quality of life for residents and creates a positive atmosphere for business operations. Wyoming Business Council Board of Directors 214 West 15<sup>th</sup> Street Cheyenne, WY 82002

Dear Wyoming Business Council Board of Directors:

I am writing this letter in full support of the Town of Ranchester's application to the Wyoming Business Council for an Economic Development Planning Grant. Careful planning is an important part of strategic economic development efforts as it allows communities to set goals for expanding local capacity and selecting meaningful projects; while understanding their community's needs, current constraints, and available resources. As Ranchester continues to experience steady growth, a solid plan will help position the town to better leverage its resources to be ready for further investment.

Sheridan's own success in the area around the north Sheridan I-90 interchange can be in large part attributed to the shared vision and goals established in the North Main Master Plan and other similar documents. These plans formed a framework that allowed Sheridan to prioritize projects and engage in targeted improvements that ultimately attracted substantial business investments. I believe that Ranchester's community plan will in a similar way help the town identify priorities and ways to focus resources to achieve its economic development goals to the benefit of the residents of Sheridan County. Further, I believe that Ranchester's planning efforts will complement SEEDA's activities in the north part of Sheridan by addressing infrastructure and other resources needed to provide for workforce housing and other services. The planning process will provide an opportunity to enhance collaboration between Ranchester, SEEDA, and other economic development partners.

I am grateful for the Business Council's ongoing support for Wyoming communities. Thoughtful planning will allow Ranchester to build local capacity and shape growth in a way that leaves the town primed to take advantage of future opportunities for business investment. I encourage the Business Council to recommend approval of Ranchester's application to the SLIB Board.

Wyoming Business Council

To Whom It May Concern:

I am writing today in strong support of the town of Ranchester's application for an economic development grant through the Wyoming Business Council.

Ranchester is known for its great natural beauty, which includes the Tongue River Valley and the Eastern Slope of the Bighorn Mountains. Fortunately, Ranchester and the Tongue River Valley area have an outstanding educational foundation, offering elementary through high school education. In concert with these outstanding resources, the growth of the housing market has made Ranchester a very attractive community to live in. In fact, Ranchester has become one of the fastest growing communities in the State. Part of this growth has come from people who work in Sheridan and chose to live in Ranchester.

The town has a ranching history and is located 15 miles to the north of Sheridan, Wyoming. Sheridan is the largest town in Sheridan County and provides many jobs, services and general resources for the surrounding communities. Over the years, people living in the Tongue River Valley area have traveled to Sheridan for groceries, healthcare, pharmaceuticals and shopping. Vital to the continued growth and development of Ranchester and the Tongue River Valley is a plan to support the people and families with goods and services closer to their home community.

As such, there is planning that must take place to develop supportive services and goods for this population, which has shown quite a bit of growth in the past several years. With the growth expected to continue at a rate of 4% per year for the foreseeable future, Sheridan Memorial Hospital will be investing in Ranchester and the Tongue River Valley with a Same Day and Urgent Care Clinic. It is apparent that the Ranchester town leadership is excited to explore a vision for the future and a plan to support this growth, including the recruitment of businesses to meet the needs of the valley and a strategy to retain these investments.

Ranchester does not currently have an economic master plan and is seeking this grant to assist with the development of such a plan. The creation of an economic master plan would allow Ranchester to further its work to attract new residents and encourage business growth. I applaud the efforts of Ranchester's elected officials and dedicated volunteers for their service and vision for an overarching planning process involving members of community groups, businesses and individual residents.

Thank you for your consideration of this letter of support. You are welcome to contract me with any questions you may have.

RE: Letter of Support for the Town of Wright Wyoming Economic Development Planning Grant application from the Wyoming Business Council.

Dear Paula:

The purpose of this letter is to express our support for your planning grant application to the Wyoming Business Council (WBC). This is an important project and you and the town of Wright have our full support. Creating a diverse and strong economy takes planning and this will be a very good step forward on the path to an excellent economic future for Wright.

Energy Capital Economic Development is the economic development leader in Campbell County, Wyoming. We are committed to the growth, development and advancement of our community and programs that will build a diverse and strong economy in Wyoming. You may be aware that Campbell County is heavily dependent on minerals and is a coal impacted community. We support the town of Wright in their planning efforts and will be happy to assist with their work.

This grant will give the Town pertinent information on the direction they should go to improve, build and maintain the Town economically. Should the Town of Wright be awarded this granted they will use the funds to hire a consultant that will compile information on the economic capabilities of the community as a whole and identify potential future Economic development opportunities.

This is an important project and Energy Capital ED strongly urges the Wyoming Business Council to award the full amount requested to the Town of Wright.

I am writing today to express my strong support of the Town of Wright in their quest for the Wyoming Business Council Economic Development Planning Grant.

As the Executive Director/CEO of the Campbell County Convention & Visitors Bureau and Gillette Main Street, I understand the importance of economic development planning, not just for tourism but also our communities.

With the uncertainty of coal, Campbell County will continue to diversify its economic development portfolio. At its peak production, more than 466 billion pounds of coal were shipped out of Campbell County. In 2021, less than half of that was produced.

The Economic Development Planning Grant would benefit the Town of Wright by bringing in consultants to look at the community as a whole and identify potential economic development opportunities to help bridge the gap left behind by the decrease in the demand for coal.

Thank you for your consideration, please let me know if I can be of further assistance. Please feel free to contact me at 307-686-0040 or jessica@visitgillettewright.com.

Re: Wright, Wyoming/Business Ready Community Grant (BRC) application.

To Whom it may concern,

I strongly support the Town of Wright's application for an Economic Development Planning Grant through the Wyoming Business Council.

A thriving local economy is essential for the success of Wright Junior Senior High School and the overall well-being of our community. This grant will enable the Town of Wright to develop a comprehensive economic development plan.that identifies opportunities to attract new businesses, expand existing ones, and create jobs.

A stronger economy in Wright will directly benefit Wright Junior Senior High School in several ways:

- **Increased Funding:** Economic growth often leads to a rise in tax revenue, which can be used to support schools and improve educational resources.
- Enhanced Career Pathways: A more diverse economic base can expose students to a broader range of career options and provide opportunities for internships and job shadowing experiences.
- **Stronger Community:** A vibrant economy attracts families and creates a more stable and positive environment for students to learn and grow.

The Town of Wright has a strong track record of community engagement and collaboration. The planning process will involve a broad range of stakeholders, including educators, parents, and students. This will ensure that the final plan reflects the entire community's needs, including Wright Junior Senior High School.

For these reasons, I urge the Wyoming Business Council to approve the Town of Wright's Economic Development Planning Grant application. This investment in our community's future will positively impact Wright Junior Senior High School and the lives of our students.

Re: Wright, Wyoming/ Business Ready Community Grant (BRC) application

Greeting Business Council,

Thank you for all you do to grow and strengthen Wyoming. It is appreciated.

As you consider the Town of Wright's application for funding by the BRC program, allow me to share what I have learned about Wright starting in the days of my youth and continuing through the last 12 years in doing my best to understand and represent this community in the Wyoming Legislature.

Wright may have begun as a community with a single industry-centric purpose but let's be clear those chains have long been broken. What was a company town is now a multi-generational community where many of those first inhabitants continue to nurture and grow their families and the broader community. They have overcome challenges well outside their control with personal patience and community conviction including the boom-and-bust cycles inherent to its bedrock beginnings of coal production. Throughout these times, Wright has invested and partnered with others to leverage the best opportunities and live within their means when times are less. And to be clear, it has always been about the citizens stepping up both personally and as a community when provided with good information and a clear objective.

Their accepted application for a Planning Grant through the BRC will continue Wright's proactive and deliberate effort in continuing to strengthen opportunities towards a hopeful future for themselves and Wyoming. I am confident in them and hope you will be too by providing them with this important tool.

Thank you for your time and consideration.

Dear Paula:

I am writing on behalf of Powder River Energy Corporation (PRECorp) to express our support for the Town of Wright's application for the Economic Development Planning Grant offered by the Wyoming Business Council. As a longstanding partner in the community, we understand the critical role that economic development plays in ensuring the longevity of small communities and their residents.

PRECorp firmly believes that the Economic Development Planning Grant will serve as a catalyst for advancing the Town of Wright's future goals. By providing the necessary resources and support, this grant will enable the Town of Wright to leverage its strengths, address its challenges, and capitalize on opportunities for sustainable development.

As a local electric cooperative, we are deeply invested in the success and well-being of our community. We recognize the importance of collaborative efforts in driving economic prosperity. We are certain that the Town of Wright will benefit from an economic plan that aims to improve the overall quality of life for residents, by creating economic opportunities, supporting local businesses, and enhancing amenities and services within the community. With the support of the Wyoming Business Council, PRECorp is confident that the Town of Wright will continue to thrive and prosper for generations to come.
